jokes often touch on the biggest topics of our existence but many christians haven't taken humor seriously this insightful yet delightful crash course from philosopher steve wilkens argues that viewing scripture and theology through the lens of humor helps us understand the gospel and avoid the pitfalls of both naturalism and gnosticism while facilitating a humble honest and appealing approach to faith

abraham and sarah were presented with a paradox when god told them they would have a son in their old age paradox in the old testament plays an important part in the dialogue between god and the jews in the new testament paradox is prominent in jesus teaching and helps to explain the christian understanding of salvation today paradox arises when religious meaning of traditional culture conflicts with secular meaning of modern culture heddendorf argues that a subversive quality in humor gradually replaces traditional values with new cultural meanings the resulting humor becomes a substitute for faith as this secular humor becomes functional for society it finds its way into many areas of the culture this process of secularization in humor moves from faith to fun and finally to fun as faith the result of this secularization could be called a fun culture redemption of this culture heddendorf asserts should be a continuing concern of the church

we cannot really love anybody with whom we never laugh and this is true of our relationship with god thomas aquinas spoke of the sin of having too little laughter as well as the danger of having too much while martin luther said if you re not allowed to laugh in heaven i don t want to go there having a sense of humour is essential for maturity in faith and holiness but sadly the role that laughter plays in life and spirituality have often been neglected laughter and the grace of god restores laughter to its central place in christian spirituality and theology by examining its role in scripture and highlighting its presence in unexpected places including the story of abraham and the formation of the covenant and the tragedy of job laughter can be found in the incarnation the resurrection and even the crucifixion jesus is himself the great laugh maker and it is nothing less than a participation in the life and love of god

between heaven and mirth will make any reader smile father martin reminds us that happiness is the good god s own goal for us timothy m dolan archbishop of new york from the colbert report s official chaplain james martin sj author of the new york times bestselling the jesuit guide to almost everything comes a revolutionary look at how joy humor and laughter can change our lives and save our spirits a jesuit priest with a busy media ministry martin understands the intersections between spirituality and daily life in between heaven and mirth he uses scriptural passages the lives of the saints the spiritual teachings of other traditions and his own personal reflections to show us why joy is the inevitable result of faith because a healthy spirituality and a healthy sense of humor go hand in hand with god s great plan for humankind

incorporating perspectives from religious studies humor studies cultural and film studies and theology as well as original data from textual analysis and the voices of religious comedians this book critically analyses the experiences of believers who appreciate that their faith is not necessarily a barrier to their laughter it is often thought that religion and humor are incompatible but religious humor in evangelical christian and mormon culture shows that humor is not only a popular means of entertainment but also a way in which an individual or community expresses their identity and values elisha mcintyre argues that believers embrace their sense of humor actively producing and consciously consuming comic entertainment that reflects their own experiences this process is not however without conflict the book argues that there are specific characteristics that indicate a unique kind of humor that may be called

religious humor through an examination of religious humor found in stand up comedy television sitcoms comedy film and satirical cartoons and drawing on interview data the book outlines the main considerations that christians take into account when choosing their comedy entertainment these include questions about ideology blasphemy taboos around the body and the motives behind the joke

discovering someone disagrees with you is a common occurrence the question of epistemic significance of disagreement concerns how discovering that another disagrees with you affects the rationality of your beliefs on that topic this book examines the answers that have been proposed to this question and presents and defends its own answer

g tz proposes that there is no opposition between faith and humor belief and laughter to argue this point he shows how both the structure of faith and that of humor are the same and this structure is paradox paradox which is well known in the secular realms of mathematics and philosophy is explored first in detail and then he shows how faith and humor both are paradoxical in nature the result is that there is no real opposition between faith and humor the tragic and the comic are sisters as aristotle saw in antiquity on the other side g tz shows what happens when faith and humor depart from paradox faith becomes dogmatic and fanatical and humor becomes superficial and banal fanatical faith latches onto beliefs and dogmas rather than to the openness of paradox and so it leads to terrorism against those who hold onto different beliefs g tz also warns against an easy embrace of tolerance as the only alternative to fanaticism because tolerance itself is imperfect and is often forced to accept evil it should not g tz argues be the sole solution inculcated in our schools this is a thoughtful and provocative analysis that will be of interest to the general reader as well as scholars and students interested in the place of religion in contemporary society
